Subject: Re: GMH

I spoke with Nick and Paul of GMH moments ago. Clearly they are not ready to make the complete submittal they were told by the Planning Board was required for the P/H to be scheduled. Jim Petro confirmed this AM that if they dont have a complete submittal ready at the time the advertisement is going in, they are not ready and the public hearing is to be postponed.

After alot of discussion, they agreed to shoot for the December 11th meeting for the public hearing and will use November to get everything in order.

i offered to schedule special worksessions to assist along the way, but the ball is clearly in their court to produce.

Will keep my fingers crossed, and the rabbit foot handy.

Mark

Mark, I just with Nick and that he will call you on Wed. He would like to try to get the public hearing for Nov 13th. He expects to have everything

you need by the 6th and hopes that will be timely. Eve will work with the Town on the legal and the mailing. Jim

Jim,

Things dont getting much better. Apparently BL is confused with the situation. They apparently have a new person running this application at BL, Myra got a call from Mike Lozenoff. They thought they were on for a public hearing on 11-6, but that is not a meeting, it is a worksession.

Next meeting is on 11-13, but they never got a list for mailings, nor did they prep a notice or a public hearing notice for the newspaper

(as far as Myra can tell). As well, the plan was supposed to be complete

with all utilities, grading etc., as was discussed at their last apperance at the Planning board. We have not yet received this at

this time.

The next opportunity to have a public hearing is 12-11, which is the last meeting of the year. Hopefully they can "get it together" for then, otherwise it is off until 2003.

Just wanted you to be "in the loop".
